DEDICATION

of the Yearbook

To Mr. Corey Rocha

Good Afternoon. I am Allison Aries and this is Sara Thomas - we are the editors of the Westwood High School Yearbook. On behalf of the members of the Senior Class, today we honor a great teacher, coach and role model.

We recognize a person who, in the words of Jack Foley, "finds the balance between productivity and fun, and pushes us to the peak of our potential." We celebrate a teacher who, Juliana Barounis says, "Has taught me to try my best and never give up." For his enthusiasm, compassion, strength, and caring... the Class of 2014 dedicates the yearbook to Mr. Rocha. His love of history and gift for teaching are obvious. I had Mr. Rocha as my US History teacher junior year. Walking in, I had no idea what to expect. I had not heard a lot about Mr. Rocha. What I didn't hear at the start of my junior year, I had figured out by the end: Mr. Rocha is a kind, caring teacher who makes learning fun and exciting.

I am not the only one who thinks so; as Erica Oh described: "Mr. Rocha fills his classrooms with life and can be heard from classrooms away. His passion and enthusiasm have made students love him." Mr Rocha found ways to get his students involved and was all about telling stories to do so. As Collin Timmerman puts it, "Mr. Rocha is a great teacher who always had fun stories to tell in class. He made me excited to come to class everyday." The stories that Mr. Rocha told in both US History and Psychology made students laugh at him and at themselves. "Mr. Rocha is an extremely funny teacher. He always brightens up the class with his optimistic personality," says Kristin Abi-Jaoude. It was not just his passion, storytelling abilities, or humor that made him so memorable to the class of 2014.

Many have said that our class stands out because of our ability to work hard and care for others. We learned that from Mr. Rocha. He works extremely hard for his students and demonstrates genuine concern for our well being. As Jenna Morgan said, "Mr. Rocha is an amazing teacher and truly caring person. He believes in all of his students and is always willing to put in the extra work to help a kid out."

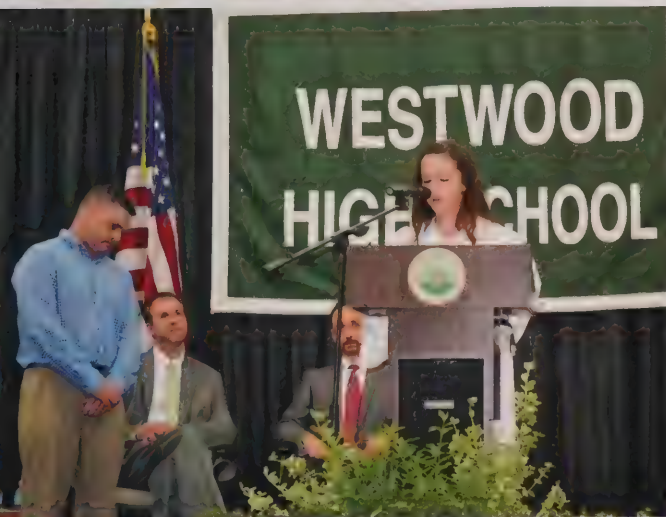

Mr. Rocha may be paid to teach in the classroom, but he has taught us how to act in life as well. As said by Caroline Porter, "Mr. Rocha has taught us the quality of strength. He has been my coach for the past three years and no matter what he is going through, he has stood by us and taught us how to endure. He is the epitome of strength". How could we not reward a man like this for all that he does and all that he represents?

Mr. Rocha, you have always been here for us. We know that this year has been very hard for you and your family, but I hope you know that you will always have the class of 2014 behind you to support you throughout it all. You have become more than just a teacher for us. You have become a good friend and an incredible role model. Through your words and actions, you have challenged all of us to be better.

Kelly Porter wrote, "Mr. Rocha taught me a lot about myself and made me understand that I could achieve things that I didn't think I could achieve". Mr. Rocha, you've taught us more than your subject; you've taught us about ourselves. Thank you for being you and for teaching us how to be us.

So we will end with the words of Michaela Blum, "Mr. Rocha is the funniest, nicest teacher. This award is for him and for his whole family".

Retiring Teachers

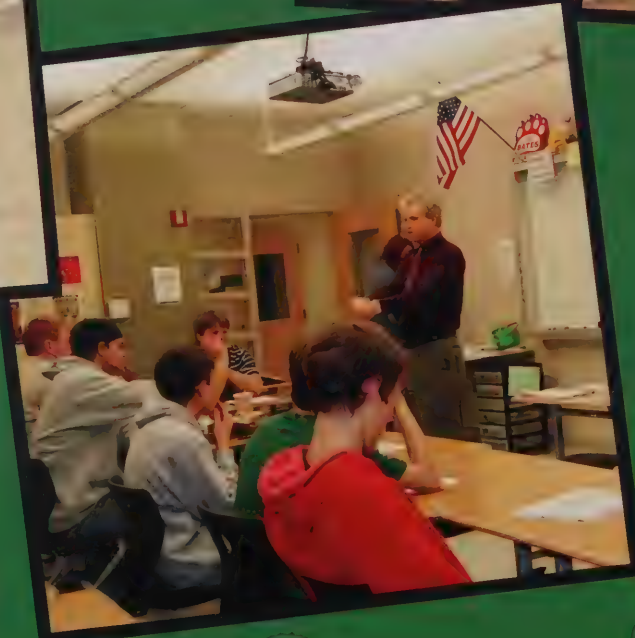

"Mr. Doré: Someone who genuinely cares about people and their life. He can come up with a compliment for anyone. He says the funniest things and makes learning interesting. He leaves everyone smiling."

"Mr. Doré made this year so much easier for me - every day he had a smile on his face and was always happy and positive. He is by far my favorite teacher of all time, his class was always so much. He taught me a lot about history, but more importantly he taught me to be a better person. He made me smile and laugh even on a Monday morning, he just has that special quality to make everyone feel like they're important. Thanks Mr. Doré :)"

"Mr. Doré is so funny and he makes learning fun."

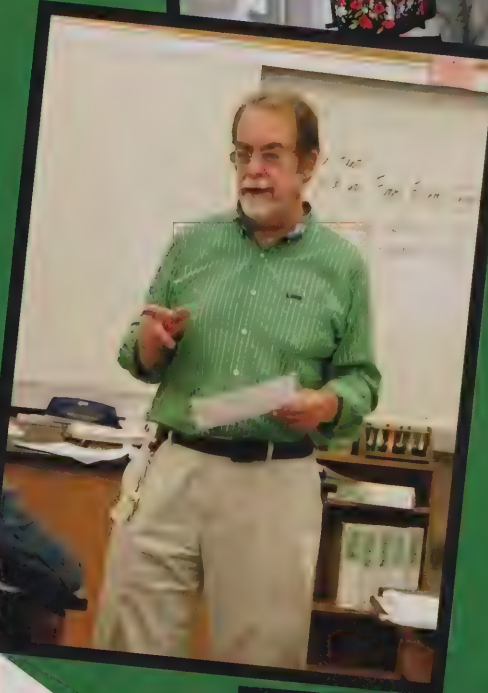

"I loved it when he would always make time for me at the end of the day to help me with my studies. He would also always encourage me and reminded me that I am a bright individual, helping me achieve success in my future classes. Thanks for everything Mr. Doré!"

Retiring Teachers

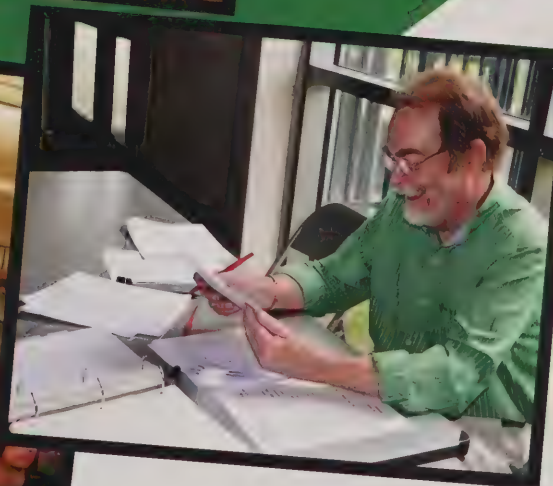

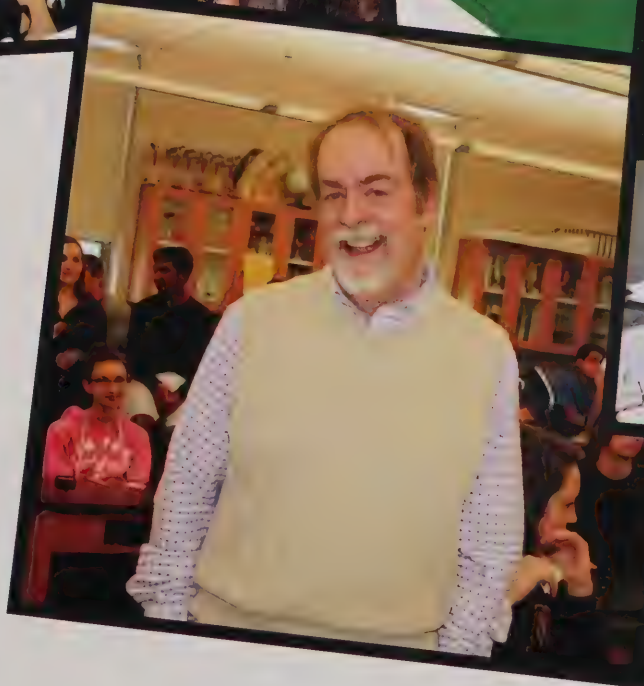

"I had Mr. Geary as my Biology teacher this year and it was one of my favorite classes all year round. He is very helpful and understanding and goes out of his way to help us understand the subject."

"Mr. Geary was a fun teacher and he joked around with the class a lot."

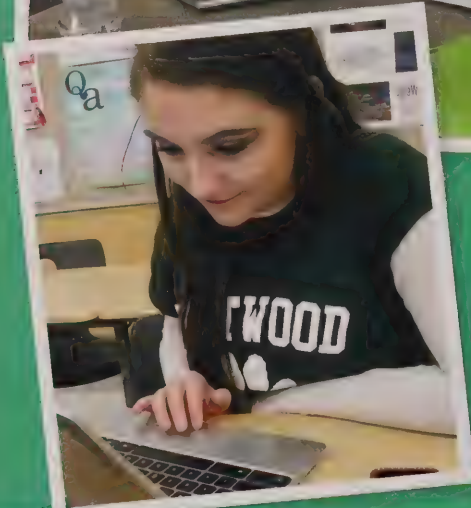

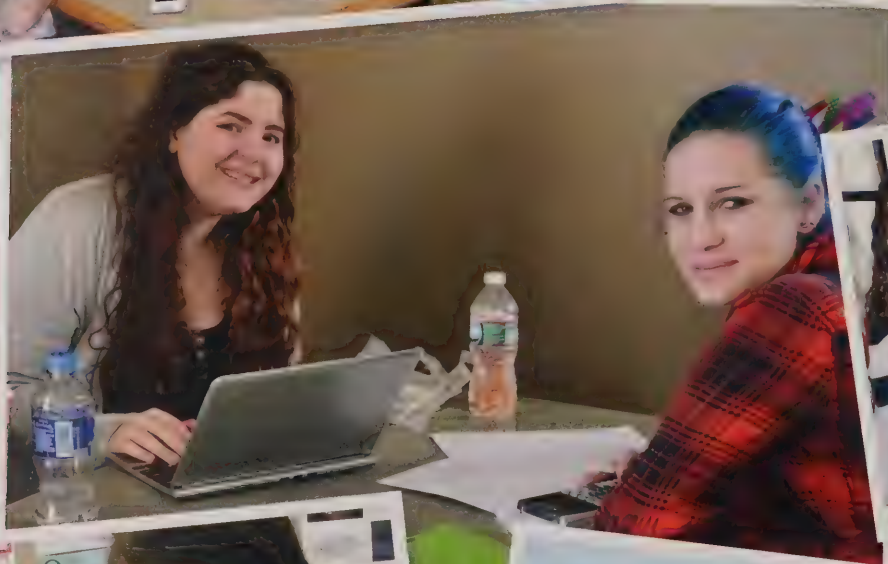

"Mr. Geary is an awesome teacher. It was very fun to go into his class everyday and I was excited to go to E block everyday."

"I was not looking forward to taking Biology, but Mr. Geary taught it in a way that I not only understood, but also enjoyed."

It's meant more to me than I could have ever imagined. We not only had a fun season but making it to tournament was just surreal. I will always remember these girls; we started at the bottom and now we're here.

This season was extremely memorable because the team made tournament for the first time in many years. I will never forget the commitment and enthusiasm of the team that brought us success during the season.

GIRLS HOCKEY

This season meant much more than just winning a state championship. Although that was amazing, I wouldn't want to go through that process with any other team. I met people that I would have never known without hockey and going all the way to the Garden with them was more rewarding than anything.
-Kim Egizi

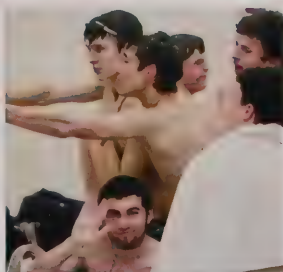

Hockey season is the best of times and the worst of times because you're waking up at 4 am, but you also get to see your 25 best friends at 4 am. It's such a great sport and the team is so much fun that how much the season means to me is immeasurable, I can honestly say it was an honor to be a captain of this team.

I had an amazing senior season because the distance crew really bonded and got along and had jokes and the team as a whole ran their hardest for each other. Friendships, PRs, records, and really great memories were made.

Winter track has allowed me to form friendships and run with athletes from all ages. I will never forget the enthusiasm and spirit of the team even when training through the snowy winter.

This baseball season has been a truly special one because of each and every player. We pick each other up when we are down; we overcome personal challenges to help the team reach a goal; we give it our all not just for ourselves, but for each other. I could not have helped lead a better group of guys.

It's incredible to watch people realize their potential. One moment you think you've reached your limit and then you find yourself continually getting better. Just goes to show what hard work can do.

-Callie Lupica

Track is hard to get to know everyone because it is such a big team but because it is so big there are always people to run with and there are so many people to support their teammates. We had an amazing season and I am proud of every one of you!

-Shauna Wassmus

Being a three season track captain gives me the opportunity to get to know so many new girls over the year and grow closer to those who share the same love for the sport. I take pride in being a leader for the underclassmen to follow and in bettering myself by setting a good example. I won't forget the memories I've made with all of my teammates this year!

With a new coach this year we weren't sure how things were gonna be but we all grew so close as a team and it became like a second family. We had fun but we worked hard and pushed one another and we made it pretty far into tournament. That alone was just a reminder of how much we had progressed as a team and it was a team I can proudly say I was a part of.

Jimmy,

Words cannot express how proud we are of the beautiful, sensitive, funny, caring young man you have become. You have dealt with any adversity with a strength we have never seen and your triumphs with great humility. You have always been an extraordinary son and big brother, as well as an awesome cousin and friend. More so than I could have hoped and for that we are grateful. We look forward to seeing what happens in the future because we truly believe you are going to do GREAT things.

We love you!

We are all so proud of you! You have worked hard at school and are now graduating and going on to Providence College. We have loved going to many events at your schools over the years, and had fun watching you play in many sporting events. We have also enjoyed getting to know all your great friends. You have grown up to be a confident, caring, young lady who is as beautiful on the inside as you are on the outside! We look forward to the next chapter! We love you so much, Mom&Dad

To laugh often and much; to win the respect of intelligent people and affection of children; to earn the appreciation of honest critics and endure the betrayal of false friends; to appreciate beauty, to find the best in others; to leave the world a bit better; whether by a healthy child, a garden patch or a redeemed social condition; to know even one life has breathed easier because you have lived.

This is to have succeeded.

-Ralph Waldo Emerson-

To our dearest Elena; the one who loves you the most when you least expect it and who we love right back so very much! We are extremely proud of you and wish you all the success you deserve with the great choices you have made and will continue to make!

Love the universe infinity,

Thank

To the teachers who helped us, the coaches that pushed us, the staff that fed us, and the classmates who put up with us, there is only one thing to say...thank you. Thank you for standing by us, for making us laugh when it seemed like there was nothing to laugh at, and for making us proud to say "I am from Westwood." As we start to go our separate ways, the senior yearbook staff would like everyone to remember:

"You have brains in your head. You have feet in your shoes. You can steer yourself in any direction you choose. You're on your own. And you know what you know. And YOU are the one who'll decide where to go..." ~ Dr. Suess

You

On behalf of the senior class,
